**ABOUT THE SOUNDWATERS FLOTILLA**

Long Island Sound is our region’s greatest natural resource, but it’s a precious, fragile resource that is often taken for granted: We enjoy it, but taking care of it is someone else’s job. That approach will jeopardize the future health of the Sound and all the benefits we receive from it. So what are we doing about it? We’re paddling to raise money to protect Long Island Sound. The money we raise will help SoundWaters teach the science of Long Island Sound to more than 32,000 students per year. Those students will become the environmental stewards of tomorrow. *SoundWaters protects Long Island Sound through education and action.* Your donation will support that effort.
